## EXPLANATORY NOTE

The city of Naga, being an Independent Component City, has shown its progress for the past years, especially in terms of its economy. It has been hailed as one of the most competitive component cities in the country for several years now.

Together with this economic progress is the rise in the number of entrepreneurs in the city, a large part of which is the youth in Naga. For the past years, especially during the pandemic, the City Government has seen an increase in the number of youth entrepreneurs in the city.

To further empower these youth entrepreneurs, it is necessary for the City to create programs that will benefit these people. It is time that the city government incorporate the young entrepreneurs in the projects and activities of the Naga City Youth Month, led by the City Youth Officials. To realize this, a Nagueno Young Entrepreneurs Week should be institutionalized in the celebration of the Youth Month, thus this ordinance.
