BIDS AND AWARDS COMMITTEE (BAC)

**SUPPLEMENTAL/
BID BULLETIN NO. 2**

24 January 2023

After consultation with the Procuring Unit, please be advised of the following modifications of below-stated activity as follows:

<u>Contract Ref. No.</u>	<u>Name of Project</u>
CRN 2023-001	Supply and Delivery of One (1) Unit Ambulance

The ambulance category being procured is now modified to Type I from Type II amending Item No. 1 of Bid Bulletin No. 1 issued last Friday, 20 January 2023.

As to the standards and requirements set forth by Annex C of DOH Administrative Order (AO) # 2018-001, the ambulance must comply with the above-mentioned AO, to wit:

Section E. Ambulance Body	Item Nos. 1 to 7
List of Equipment, Medicines and Supplies	
Item A. Ventilation and Airway Equipment	Nos. 1 (a & b), 2 (a), 3, 6, and 7
Item B. Monitoring and/or Defibrillation	Nos. 1 to 3
Item C. Immobilization Devices	Nos. 1, 2, 3,4 (a to d)
Item E. Obstetrical Delivery Set	No. 1
Item G. Miscellaneous	No. 1
Item H. Communication Equipment	No. 1
Item I. Patient Transport	No. 1
Item J. Injury Prevention Equipment	No. 1

Other requirements to be submitted during the bid opening

- A. product brochures or technical data including medical equipment, instruments, and accessories in English language.
- B. valid marketing authorization, registration approval, or free sale certificate for the AED issued by the health Authority in the country of origin.
- C. Walid certificate of distributorship (as first tier distributor) issued by the foreign manufacturers or local distributors of the medical equipment and instruments authorizing the bidder to sell/distribute their products.
- D. notarized certificate from the bidder: (a) that the brands of the medical equipment and instruments have been in the local

- market for at least five (5) years, (b) that the medical instruments are brand new, unused, not discontinued models and were not subjected to any product recall.
- E. Bidder's valid and License to Operate (LTO) as a medical device distributor issued by the Philippine Food and Drug Administration (PFDA).
 - F. valid and current Certification of Product Registration (CPR) for the thermometer, lancets in the blood-glucose meter and manual resuscitator issued by the PFDA.
 - G. notarized certificate from the manufacturer or local dealer of the ambulance/vehicle: (a) That the manufacturer has been manufacturing vehicles with diesel engines for the past twenty five (25) years, (b) that the ambulance is brand new, unused, not discontinued model and was not subjected to any product recall.
 - H. proof (such as sales invoice) that the brand of the vehicle has been sold in the country as an ambulance.

Requirement/s if Declared the Lowest Single Calculated Bid

Site inspection to the bidder's facility to verify/validate the capability and capacity of the bidder to fabricate the ambulance. The inspection shall be conducted by the procuring entity Technical Working Group.

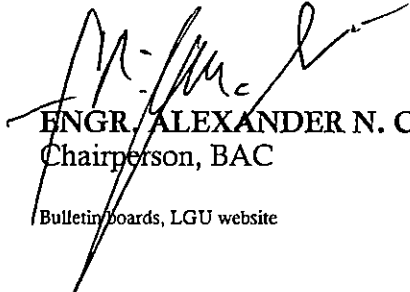

Requirements if awarded the Contract

- a. The supplier shall provide orientation/training on the use and maintenance of the ambulance. Medical equipment and instruments on a schedule to be agreed upon by the procuring entity and the winning bidder.
- b. The supplier must provide/submit the following to the end user – operator's manual in English for the ambulance, medical equipment, and instruments.
- c. Warranty certificate for not less than three (3) years on parts and not less than five (5) years on services for the ambulance. The manufacturer/dealer shall either repair or replace any item or part in the ambulance that is found to be defective in material or in workmanship under normal use. The warranty period shall commence from the date of acceptance by the end user after testing and commissioning. The warranty certificate shall include the following:
 - i. The warranty of the vehicle shall not be affected in case a change of dealer occurs.
 - ii. Warranty certificate for two (2) years on parts and services for medical equipment, instruments and ambulance accessories. The supplier shall either repair or replace any item or part of the said equipment that is found to be defective in material or in workmanship under normal use. The warranty period shall commence from the date of acceptance by the

end user after testing and commissioning. The warranty certificate shall include the following:

1. The bidder shall conduct the necessary corrective maintenance within fifteen (15) calendar days upon notification of equipment breakdown from the end user.
 2. The bidder is primarily responsible and accountable for ensuring that in case of defects, the vehicle, the equipment, instruments, and/or peripherals are appropriately repaired or replaced and shall be in good working condition thereafter.
- d. At least three (3) years validity of vehicle Land Transportation (LTO) registration with red plate.
- e. Third Party Liability (TPL) vehicle insurance for one (1) year and comprehensive GSIS vehicle insurance for one (1) year.

For guidance and information of all concerned.
