

## **Bid Bulletin No. 2: Modifications and Correction**

March 8, 2024

This bid bulletin serves as an agreement between the procuring entity and prospective bidders attending, incorporating the following modifications and additional information:

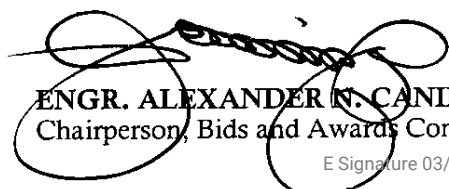

### **1. CRN 2024-014: Brand New Boom Truck with Dropside and Manlift**

- a) Max Hook Height (not weight as indicated in the IB): 11.7 Meters
- b) An authorized dealer/distributor with a maintenance bay within Metro Naga will have a significant advantage and is crucial due to several reasons:
  - Convenience and Efficiency: Vehicles can be quickly serviced without the need to travel long distances, minimizing disruptions to operations and ensuring prompt return to service.
  - Cost Savings: Having a nearby maintenance bay reduces transportation costs and associated downtime.
  - Timely Maintenance: Proximity to a maintenance bay facilitates adherence to scheduled maintenance intervals, thereby maintaining the vehicle in good working order.
  - Emergency Situations: Immediate access to support is crucial, especially for vehicles involved in critical operations or emergency response situations.

Please take note of this additional information. We appreciate your continued interest and participation in this bidding process. Should you require further clarification or have any questions, please do not hesitate to contact us.

Thank you for your attention to this matter.

Sincerely,

  
**ENGR. ALEXANDER N. CANING**  
Chairperson, Bids and Awards Committee
